SUBJECT: Fair Share Deductions

On July 1, 1984, Senate Bill 536 (Public Act 83-1012) became law. This legislation allows exclusive bargaining representatives and employers to agree to deduct fair share payments from nonmember employees within a bargaining unit. For those employees having fair share payments deducted from their salary, use the same union deduction code that is used for union members in that same bargaining unit. A payroll deduction authorization form is not required to commence fair share deductions.
